

# WOOD FRAME KITS

## FOR SOLANA & CARDIFF AQUARIUMS

### REMOVABLE WOOD FRAME TOPS WITH HINGED GLASS

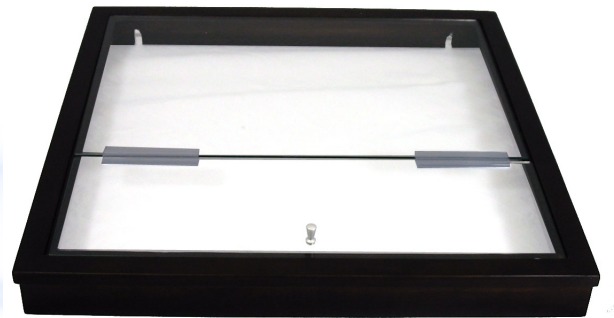

- Available for both Solana & Cardiff Aquarium Systems
- Includes hinged glass top
- Power cord cut outs in back
- Professional wood finish matches stands or home decor
- Easy installation - slides right over existing set-ups

#### Add A Bit of Flare

The new Solana & Cardiff wood frame kits not only change the look of your aquarium, they can make tank maintenance and every-day use easier. A breeze to install, the modern wood trim matches our wood stands and slides right over any new or existing Solana or Cardiff aquarium system. The internal wood lip is protected with a weather tight seal and the back of the frame features two power cord notches for your pump and accessory cables.

#### Hinged Glass Top

A popular request by many hobbyists, every wood frame kit includes a hinged glass top. Not only will you be able to keep your critters inside the tank, the new hinged top makes it easier to both feed them and keep their environment clean. A modern satin nickel door handle makes lifting the hinged door a breeze. The Solana hinged door is located in the front, while the Cardiff aquarium hinged door is located in the back.
